To become and to belong...

Highland Park Montessori School is a non-profit organization that serves children from 16 months to six years.

Established in 1963, ours is the oldest existing Montessori school in Minnesota. Following the principles and philosophy of Dr. Maria Montessori, the staff at HPMS provide beautiful environments for the children to explore, where their natural curiosity and love for knowledge guides them in their learning. The atmosphere is one of mutual trust and respect, where we nurture a reverence for life and peace. As trained professionals, the staff serves as guides and facilitators, responding to the needs of the individual and the community.

HPMS Toddler Community Guides:

- Nurture the toddler's budding independence
- Instill a deep respect for others and for the classroom environment
- Provide guidance in social situations and give language for expressing feelings and needs
- Provide activities and materials that respond to the toddler's urge to explore with his/her senses
- Accommodate the toddler's sensitive period for language
- Give opportunities for singing, dancing, and a variety of large muscle activities
- Provide creative art activities
- Gently urge the child to problem-solve and exert freedom of choice
